Due to a slowdown in animal farming sector in China, demand for our animal health products also reduced since the third quarter of 2025. Nevertheless, the Group is expected to record an increase in consolidated profit for the year 2025.

The board of directors of the Company (the “Board”) wishes to inform shareholders of the Company (the “Shareholders”) and potential investors that, based on preliminary information, the Group is expected to record a consolidated profit attributable to Shareholders of approximately US\$32 million for the year ended 31 December 2025 as compared to that of US\$11.2 million for the year ended 31 December 2024. The increase in profit was primarily due to the significant increase in revenue reflecting the successful implementation of our strategy to increase sales to key customers.

The Group’s quarterly revenue for the three months period ended 31 December 2025 is expected to maintain at a similar level as that for the three months period ended 30 September 2025.
